INFORMATION FOR ALL PARENTS

The following information must be read in conjunction with the Cornish College Application for Enrolment Form.

When this application is lodged, a non-refundable Application Fee of \$100 (per student) is payable to the College. Receipt of your application will be acknowledged, and your child's name added to the enrolment waiting list for entry in the year and level nominated. Please note that submission of this form does not guarantee a place in the College.

An interview with the appropriate department Head (or delegate) of the College is arranged approximately 18 - 24 months before entry, which the parents or guardian and student attend, bringing with them current school reports. The purpose of this interview is for the College to learn about your child and his /her needs so that we can ensure an appropriate program is available if a place is offered. If a place is available, we may make an offer of enrolment. Please note that we may decline to make an offer without providing a reason. Although Cornish College is an open entry College, children are tested prior to commencement (usually excludes ELC and Prep) to ensure that the best possible program can be provided.

If a place is available, a formal offer may be made 18 - 24 months ahead, with payment of a \$1,000 non-refundable Admission Fee (per student) and signed acceptance of the College's Terms of Business required within one month to secure the place. In addition to the standard Admission Fee, a non-refundable supplementary forward fee deposit of \$1,000 (per student) applies which is deducted from Term 1 fees in the year the student commences. The forward fee deposit is payable by February 1 in the year prior to commencement or at the time of offer if less than 12 months prior to commencement.

Please note that admission to Cornish College is subject to availability of places, gender balance, satisfactory interview and assessment, the College's capacity to provide an appropriate program for the child, and acceptance of Cornish College Terms of Business in force at the time.

Some considerations will be taken into account when considering students for admission. These are (listed in the order of consideration):

- Siblings of current students of Cornish College (please see specific requirements below).**
- Children of permanent staff members.
- Alumni*, or children of alumni, of Cornish College or St Leonard's College, Cornish Campus, prior to 2012.
- The date the Application for Enrolment form was received.

Note: A small number of places will be kept for award at the Principal's discretion.

* Alumni defined as any past student of St Leonard's College Cornish Campus irrespective of whether that student completed Year 10.

** If parents have not made an application for the sibling/s of a current student within 26 months of the start of the school year they wish the sibling to commence, priority on the waiting list will be foregone for that year. Should the sibling be waitlisted the following year, sibling preference will then be available for that and any subsequent years.

Full details of our enrolment policy are available on the College website www.cornishcollege.vic.edu.au.

INFORMATION FOR ELC PARENTS

For our Early Learning Centre, the child's age at the time the Application for Enrolment form is lodged will be used when making offers of places, rather than the application date. This avoids discrimination against those born in the later months of the year.

Children must be 3 years of age to commence at ELC. If a place is held for a child who has not yet turned 3, then fees are payable for the period of non- attendance.

At Cornish College, we see the time in our ELC as the start of a journey through to Year 12. To avoid the ELC being used as a short term education option, a non-refundable pre-payment of \$1,000 of the Prep fees will be required prior to entry to ELC. This amount will be taken off the first term account when the child enters Prep. This applies only to children who have no other siblings currently attending the College.

Cornish College is a Registered Provider for the purpose of obtaining the Commonwealth Child Care Benefit. Receipts will be issued following a request to the Finance Department. Eligibility for the Benefit is not determined by the School.

Cornish College respects the privacy of its community members and complies with the requirements of the Commonwealth Privacy Act. All information collected on this form will be used and stored in accordance with the College's Privacy Policy.

Full details of our enrolment policy are available on the College website www.cornishcollege.vic.edu.au.

The Principal or Business Manager will be happy to discuss any queries with parents or guardians of prospective students.

In this document:

- *Terms of Business* means this document as amended or replaced from time to time by the Cornish College Council.
- *The College Council* means the Cornish College Council.
- *The College* means Cornish College.
- *Parents* means the parent/s or guardian/s of the student/s being enrolled.

1. ENROLMENT POLICY

1. Purpose

Cornish College has developed and adopted this Enrolment Policy to ensure it has an open and fair process for enrolling students. The policy ensures students are able to enrol regardless of their academic, physical or social circumstances, or faith or spiritual backgrounds.

2. Aim

Through this Enrolment Policy, Cornish College aims to:

- Maintain an open and fair procedure for the enrolment of students seeking admission to the College.
- Maintain a diverse, balanced and beneficial blend of students including those of diverse cultural backgrounds and faiths.
- Provide prospective parents with the necessary information for the enrolment and admission processes.
- Ensure that the College can provide for the educational needs of all its students.
- Ensure the College maintains its core values.

3. Application for Enrolment Procedure

When an *Application for Enrolment form* is lodged, a non-refundable Application Fee is payable to Cornish College. Receipt of application will be acknowledged, and the child's name will be added to the enrolment waiting list for the year and level nominated. An application is a prerequisite to admission but not a guarantee of admission. Details of the child's position on the waiting list will not be released to parents.

The following documents must accompany the *Application for Enrolment Form*. Failure to do so may result in the enrolment application being rejected.

- A photocopy of the child's birth certificate or passport
- For guardians (other than parents) authority to act as a guardian
- Any other relevant custody documents (where applicable)
- For overseas students – copy of passport and visa
- Copy of the child's most recent School report and NAPLAN results (where applicable)

Under the 'No Jab, No Play' legislation, all parents/guardians seeking to enrol their child at an early childhood service in Victoria will be required to provide evidence that the child is:

- fully immunised for their age OR
- on a vaccination catch-up program OR
- unable to be fully immunised for medical reasons. 'Conscientious objection' will not be an exemption.

Parents must disclose any special circumstances, including any individual needs they believe may affect the education of their child. This information will assist the College to act in the best interests of the prospective student at all times.

Admission to Cornish College is subject to availability of places, gender balance, a satisfactory interview and assessment, the College's capacity to provide an appropriate program for the child and acceptance of the current Terms of Business.

Some considerations will be taken into account when considering students for admission.

These are (listed in the order of consideration):

- Siblings of current students of Cornish College (please see specific requirements below).
- Children of permanent staff members.
- Alumni, or children of alumni, of Cornish College or St Leonard's College, Cornish Campus, prior to 2012.
- The date the Application for Enrolment form was received.

A small number of places will be kept for award at the Principal's discretion.

Consideration will also be provided to children of families who have recently relocated from interstate or overseas.

Change of postal address or email address notification must be given immediately. Failure to do so may result in the College being unable to make contact when a place arises and the cancellation of a student's Application for Enrolment.

4.3 Sibling Priority

Siblings will be prioritised provided that an application is submitted within 26 months of the start of the school year they are due to commence. If enrolment applications for siblings exceed the number of places available, enrolment offers will be determined by the date received.

Enrolment applications for prospective sibling students with individual needs will depend on the College's capability to provide the appropriate level of support. Please see section 4.6 below for further information regarding individual needs.

4.4 Enrolment Interview

Prospective students will be requested to attend an interview prior to any offer being made. The prospective student and their parents should bring the child's current school reports and any other assessment documentation (if applicable). During the interview, or shortly after it, prospective students may be required to undertake assessment to identify strengths and possible areas where extra assistance may be required. The interview and subsequent assessment (if required) will be used to assess with the parents:

- The family's understanding and willingness to support the College's core values and ethos.
- What the student and family can contribute to the life of the College.
- The College's ability to provide an appropriate program for the student.

Students must be 5 years of age by 30 April in the year they are to commence Prep. Birth certificates will be required for all Prep students. In special circumstances, a school readiness assessment may be required. If school readiness is in doubt, admission may be refused.

4.5 Offers of Admission

Cornish College may make formal offers of admission after the interview process is complete. Acceptance of the offer will not take place until the non-refundable admission fee and the signed Acceptance of Terms of Business form have been received by the College. Parents must clearly state who is responsible for the payment of fees. If the required documents are not returned to Cornish College within 14 days of the date of the offer, the College reserves its right to withdraw the offer for admission. Please note that the College may decline to make an offer without providing a reason.

At all times, the Principal, in consultation with relevant staff members, will have the authority to use discretion in making the final admission offers. Payment of the enrolment fee guarantees placement.

For entry to the Early Learning Centre (ELC), a child's date of birth may be used to determine priority order. Children cannot commence in the ELC until they have turned 3. All ELC children must be fully toilet trained prior to commencement.

Cornish College may seek transition information for Prep students from pre-schools.

Immunisation status certificates will be requested for all Primary students.

An admission offer may be cancelled if parents fail to keep the College notified of their relevant contact details.

Parents of students wishing to leave the College must give one term's notice in writing to the Registrar. For example, if your child is not returning for the next School year, you must inform us before the first day of Term 4 in the preceding year. If you fail to provide us with the required notice, you will be billed one term's fees.

4.6 Individual Needs

Cornish College welcomes applications from prospective students with individual needs, however, it reserves the right to limit places offered to students requiring additional assistance based on the availability of resources at the College.

Where enrolment applications for prospective students with individual needs exceed the capability of the College to provide an appropriate level of support, students will be considered in order of the selection criteria outlined in section 4.2 above.

Cornish College acknowledges its rights and obligations under the Disability Standards for Education pursuant to the *Disability Discrimination Act 1992*.

9. THE PRIVACY ACT PROVISIONS AND THEIR APPLICATION TO THE COLLEGE

Cornish College abides by the requirements of the Commonwealth Privacy Act 1988 and amendments, and of the Victorian Health Records Act 2001. A copy of the Cornish College Privacy Policy is available for viewing on the College web site.

Cornish College collects personal information, including sensitive information about students and parents or guardians, before and during the course of a student's enrolment at the College. The primary purpose for collecting this information is to enable the College to provide the most appropriate schooling for its students.

Some of the information collected is to satisfy the College's legal obligations, particularly to enable the College to discharge its duty of care. An example of such information is the requirement for parents of children up to and including Year 6 to complete and sign the registration form for out of hours' care, even if not intending to use it regularly. This authorises the College to have children cared for by qualified staff in its out of hours' care program in case of emergencies.

Laws governing or relating to the operation of schools require that certain information is collected. These include Public Health and Child Protection laws. Health information about students is sensitive information within the terms of the National Privacy Principles under the Privacy Act. Parents are asked to provide medical reports about their children from time to time. It is a requirement of the College that the completed *Medical Profile and Information* form (and vaccination certificate for children in the Junior School) is completed prior to commencement.

The College at times discloses personal and sensitive information to others for administrative and educational purposes. This includes other schools, government departments, medical practitioners, and people providing services to the College, including specialist visiting teachers, coaches and volunteers. In the enrolment process, Cornish College may request information from a child's current or previous school or educational setting to facilitate the student's transfer to Cornish College and the provision of the most appropriate educational program. If the College does not obtain the information referred to above, it may not be able to enrol or continue the enrolment of a student or prospective student.

Parents are required to notify the College of any changes in contact details (address, telephone, email), and any information which may affect the College's care for its students, for example medical updates, or details of any court orders which affect the child.

There are times when Cornish College students are involved in activities that are of interest to the media and that portray the students and the College in a positive manner. Photographs of students may be used in the media, in College documents (newsletters, magazines or website), or in advertising. Photographs are taken with the knowledge of the College, arranged by the Administration staff, or by staff responsible for a particular activity. Parents who do not wish their child's photograph to be used in such a manner are required to notify Administration in writing prior to their child's commencement. There are also times when student work may be displayed, published or photographed for educational or promotional purposes.

Students may also seek access to their personal information. Personal information collected from students is regularly disclosed to their parents or guardians. Parents may seek access to personal information collected about them and their child by contacting the College. However, there will be occasions when access is denied. Such occasions would include where access would have an unreasonable impact on the privacy of others, where access may result in a breach of the College's duty of care to the student, or where students have provided information in confidence.

From time to time the College engages in fundraising activities. Information received from parents may be used by the College to make an appeal to them. Contact details for each student's family will be included in a College year level list unless parents advise the College in writing that they do not wish to be included. At the start of each school year, year level lists (including each student's name, address, mobile phone number and parent email only) will also be provided to the appropriate Parent Association representative for the purposes of communication regarding social and other class activities. Parents can advise the College in writing if they do not wish for their contact details to be passed to the Parents Association.

Personal information will not be disclosed to third parties for their own marketing purposes without parental consent.

If the College is provided with the personal information of others, such as medical or emergency contacts, parents are encouraged to inform them that they are disclosing that information to the College and why, that they can access that information if they wish and that the College does not usually disclose the information to third parties.
