

Annual Giving 2016

Investing in our students future

You Make a Difference

Community is paramount at Cornish College. By working together, we can continue to grow and provide educational opportunities that really make a difference for current and future students.

At this time each year we launch our Annual Giving Appeal and ask the community to consider a special contribution to support our continued growth.

This year we plan to invest in a dedicated Year 7 Centre to open at the start of the 2018 school year. The Year 7 Centre forms part of the next stage of the Buildings and Grounds Master Plan. It follows last year's successful build of the Kerry Bolger Centre, which houses our Years 4 to 6 students in large, light classrooms and provides common space, supporting innovative teaching and creative learning.

The Kerry Bolger Centre was completed ahead of schedule and under budget by Raysett Constructions, overseen by the College Council's Building Sub Committee.

I know this can give us all great confidence in future building work.

I have only been here for a short time but it is clear to me that Cornish College is flourishing thanks to our community's support over a period of many years. I want to say thank you for everything you have helped us to achieve so far, it is because of you that we can continue to grow and help our students realise their potential.

Vicki Steer
Principal, Cornish College
