

# Inclusivity Statement

As a school associated with the Uniting Church and in line with our values, respect, integrity, creativity, compassion...always with courage, Cornish College is a proudly inclusive community.

At Cornish College we work together to make a positive difference in our world, developing and honouring agency as we educate for a sustainable future. We believe that all in our community should act and be treated with respect and dignity and seek to provide an environment that is safe, supportive, inclusive and free from discrimination in order to nurture sustainable wellbeing for all.

We welcome, appreciate and nurture individual, cultural and societal diversity.

We strive to advance reconciliation for First Nations Australians. As the current custodians of the unceded Bunurong country on which we work, learn, gather and play, we recognise our responsibility to care for this place and all who come here, now and in the future.

As a diverse community we embrace equality; inclusive of race, ethnicity, gender, sex, and sexual orientation, socio-economic status, age, ability and religious and political beliefs.

We are committed to working with our community to nurture a culture of inclusion so that we may be the difference in service to self, others and the environment. We will strive forward with courage to be the difference for a compassionate world that embraces diversity.
